In this Component where we Add new task for Todo Ilist

This Where we update or change certain things in our already assigned task

The screenshot shows a web browser window with a React App running on localhost:3000/updatetask/152. The browser's address bar shows the URL. The page content is a form titled "Update Task". The form has three input fields: "Todo Title" with the value "Drink Water", "Todo Description" with the value "Drink half liter water every 2 hours", and "Todo Completed" with the value "Yes". Below the "Todo Completed" field are two buttons: "Yes" and "No". The browser's taskbar at the bottom shows the Windows logo, a search bar, and various application icons. The system tray on the right shows the date and time as 10:14 AM on 5/13/2024.

Update Task

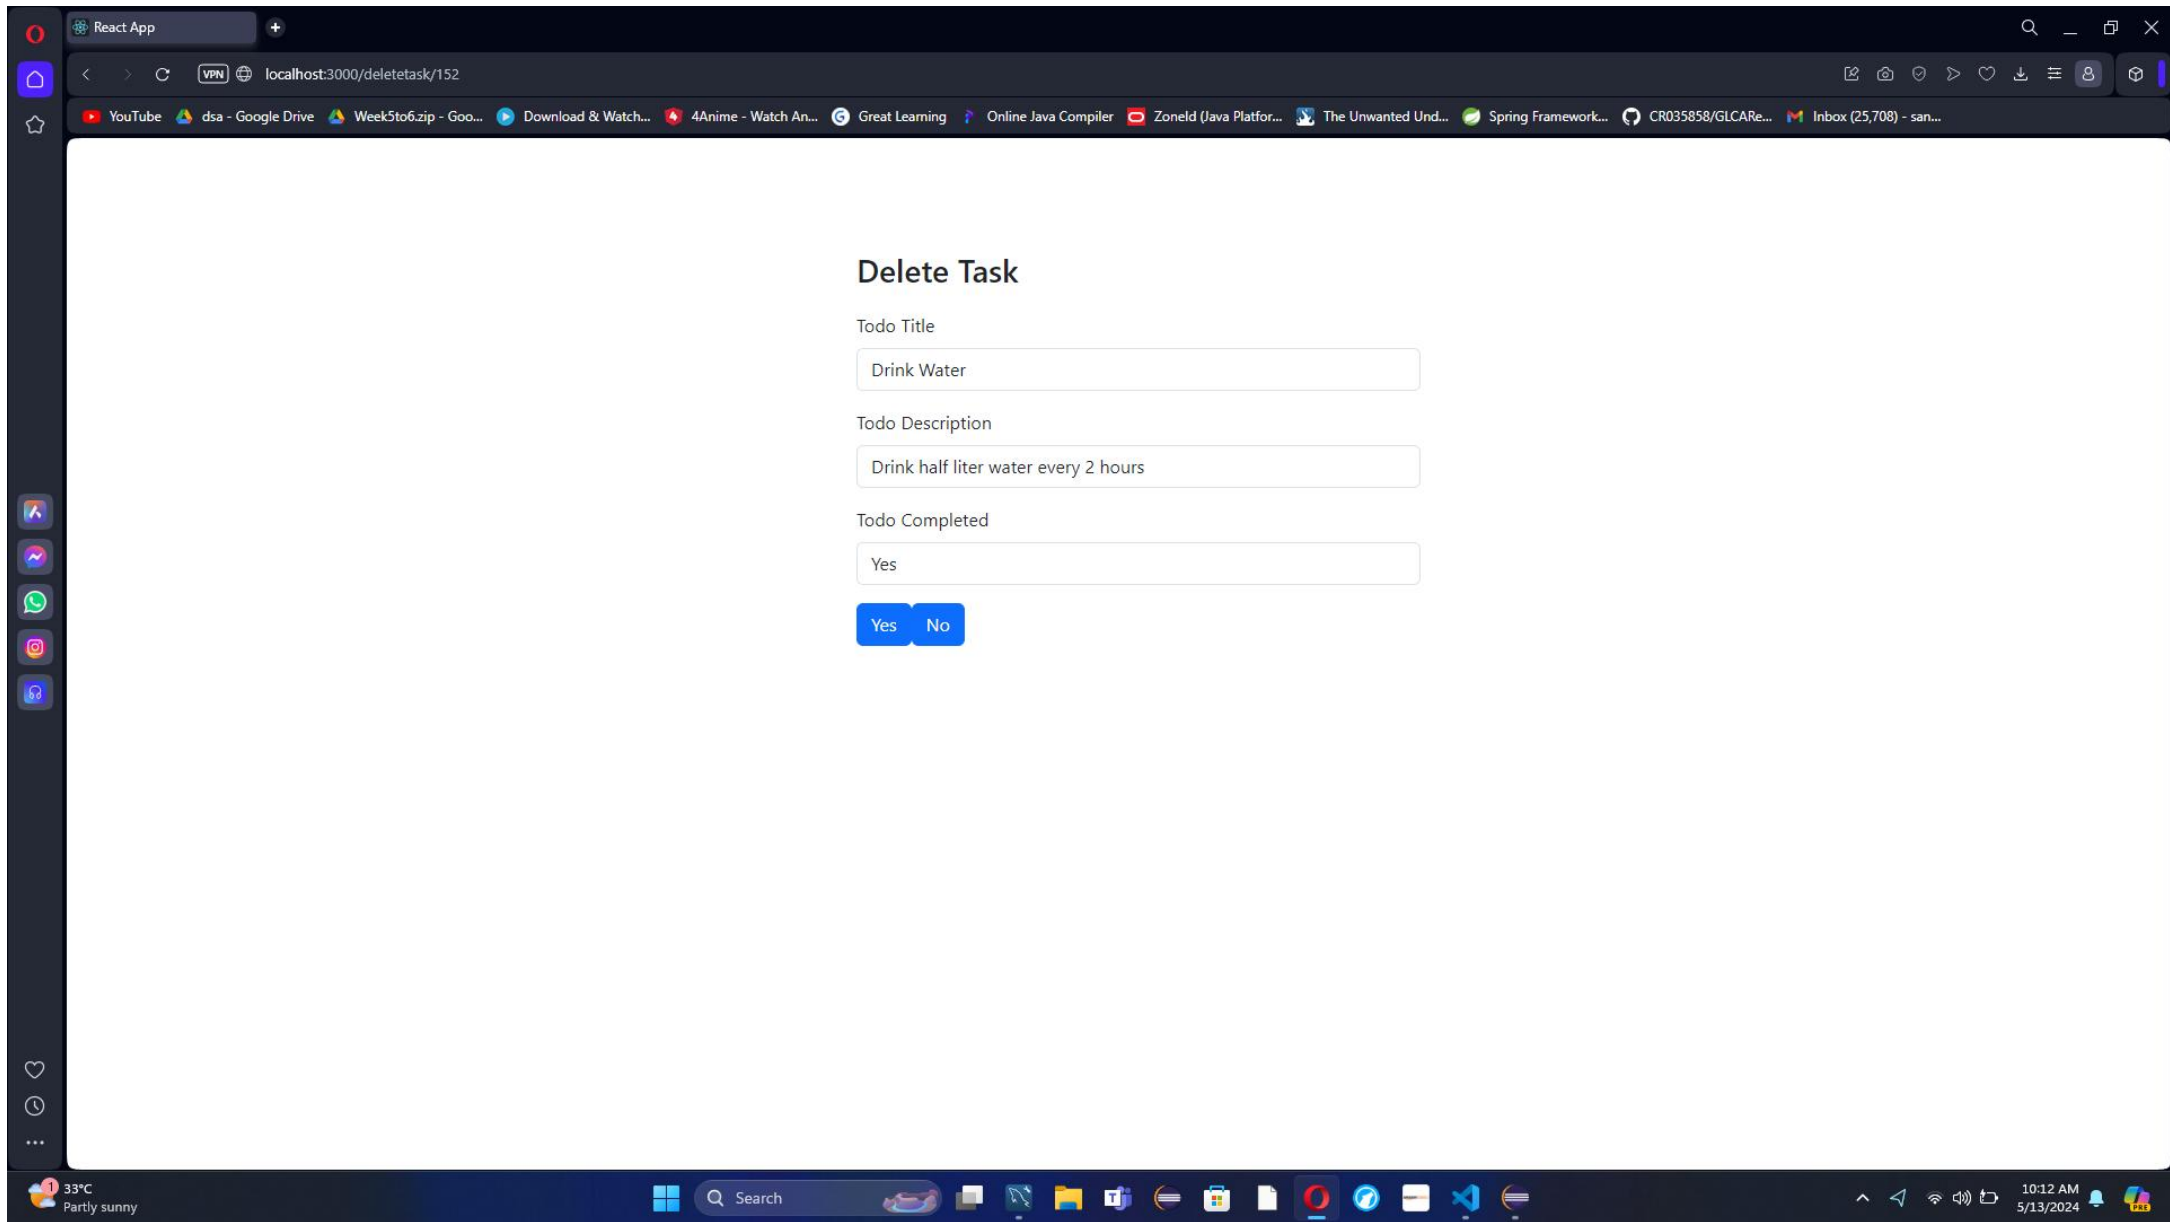

Todo Title

Todo Description

Todo Completed

Yes No

This where Delete operation takes place where we show all the details of the task one more time and ask if they want to delete the task

This an example for incomplete button
